Unite
IN ACTION

UNITE IN ACTION IS THE
COORDINATOR OF THE
2010 MARCH ON DC.

The 2010 March on DC is not just a rally...

It is four whole days of spectacular freedom promoting events that will educate, inform and inspire all who attend.

The March on DC and associated events are truly grassroots—our leadership consists of members from some of the country’s largest independent conservative-minded organizations. All those involved in the planning of this event are non-partisan volunteers who share the common goal of unifying constitutional patriots to preserve liberty and the Constitutional principles this nation was founded on.

This is an event of the people, by the people and for the people—it is We the People United in Action!
